When It's Time for Memory Care,
**EASE THE
TRANSITION.**

ARE YOU CARING FOR SOMEONE
WHO IS LIVING WITH DEMENTIA OR
SHOWING SIGNS OF PARKINSON'S
RELATED DEMENTIA?

The Arlington invites you to a special webinar featuring guest speakers Ashley DeVries, Client Care Director, and Linda Flores, COO, CDP, and Co-Founder of Senior Advocacy Group.

This compassionate and informative conversation is designed specifically for families navigating these challenges. Together, our guest speakers will help you understand the signs that it may be time for memory care – and how to approach this next step with confidence and compassion.

Blending practical guidance with heartfelt storytelling, this insightful session will help you:

- Recognize the five key signs that memory care may be needed
- Prepare emotionally and logistically for the transition
- Support your loved one (and yourself) through every stage of the move

You will also hear one family's inspiring journey of finding comfort and connection in The Arlington's Oakton Place memory care neighborhood.
